Sprint: ICHM Sprint 1

Story point estimate: 5

Description

As a user of the <http://momondo.com> website, I want to see the homepage where I should be able to navigate to various website sections and search for flights.

The Homepage of [Momondo.com](#) will consist of four different sections:

Side Menu containing the following links:

- Sign In – The link to the user account,
- Flights – The actual homepage,
- Stays – Link to the hotel booking page,
- Car Rental – Link to the car rental feature,
- Things to do – Link to various articles regarding what to do on city tours,
- Packages – Aggregate option to find hotels, flights, and things to do,
- Train and buses – The booking module for trains and buses,
- Explore – Link to visual exploration of the current offers,
- Travel Restrictions – Link to a page with information about the current governmental restrictions
- Trips – Link for planning trips page

The user should be able to collapse the side menu (this will replace the texts with icons).

The current page should be highlighted on the menu.

The menu should keep its position when the page is scrolled.

The top menu will contain the following information/links:

- Momondo logo on the left with a link to the homepage
- Trips link – the same from the main menu
- Sign in to your account link

If the user is logged in, Sign In Button will be replaced by the User Menu.

The menu should remain sticky if the page is scrolled.

The main Content section will contain:

- Flights Search Widget (relates to <https://hent.atlassian.net/browse/ICHM-2>)
- Blog articles from the following categories:
 - Destinations – A collection of top 4 destinations based on user searches
 - Trending Cities – Top 9 cities based on user searches.
 - Trending countries – Topmost searched 24 countries
 - Flight deals by destinations – flights grouped by airports from different cities
 - How to find cheap flights FAQ section

Footer section:

General footer information and links: Company (About, Careers, Mobile, Discover, how we work, Why travelers chose momondo, Sustainability, Momondo coupon codes), Contact (Help/FAQ, Press, Affiliates, Advertise with us), More (Airline fees and Airlines) and Site/Currency selector for Country and currency (mock-up footer_zone.png)

Also in the footer will appear links to legal documents: Privacy, Terms& Conditions, Ad Choice, Links to social media accounts, and links to partners.

Additional information:

- The page should be located on the root domain (<https://momondo.com>)
- The page should be responsive
- All links should be functional and should open in the same tab

Design:

- Mockups attached

Acceptance Criteria:

- The page loads successfully on <https://momondo.com>.
- The page is responsive.
- All information should be present.
- No broken links on the page.
- Search Widget is working as expected.
- The design is consistent.
- No errors on the console.
